MOZAMBIQUE HORSE SAFARI

Mozambique Horse Safari specializes in custom-made horse safaris and day rides along the Vilanculos coast and on Benguerra Island in Mozambique. Enjoy long stretches of untouched white sand beaches and magnificent views overlooking the islands of the Bazaruto Archipelago.

The spirit of fun and adventure runs deep at Mozambique Horse Safari so saddle up and enjoy a truly unique African adventure.

STANDARD ACCOMMODATION

You will be based on the outskirts of Vilankulo at Archipelago Lodge. The lodge is located on the beach and consists of eighteen chalets with stunning views of the ocean. Each chalet has a large double bedroom with en suite shower. There is also a fully equipped kitchen and additional bedrooms with a separate shower.

The restaurant serves delicious food and the focal point is the spectacular swimming pool, offering breathtaking view of the islands and the palm fringed beach below. As the sun goes down you can enjoy walks along the beach and cocktails at the bar.

* Please note: With so many resorts in Vilanculos; Mozambique Horse Safari is able to offer you a much wider range of accommodation if you would like to change or upgrade to luxury accommodation. Please contact our programme facilitator Mandy Retzlaff for more information.

HORSES

The care and well being of our horses takes top precedence ensuring that they are responsive, alert, tough and fit. We have over 30 horses in Mozambique to choose from and each horse will be handpicked to suit your individual need. Breeds include a combination of Thoroughbreds, Arabs and the South African Boerperds. They are schooled to a very high level and react easily and lightly to the aids.

TACK

We use a combination of English saddles, South African McClellan's and a selection of Australian stock saddles for those who prefer. We train our horses in both English and Western riding styles.

WHAT TO BRING

Riding attire, please bear in mind the climate; trousers or jodhpurs; swimming costume; long-sleeved t-shirts to avoid sunburn and mosquitoes; thick socks; hat & sun protection; sandals; a sunhat; sun block and cream; camera; torch and malaria prophylaxis.
